GLOBAL EYE WHITE BOOK

PRESENTED TO : IRAN'S EMBASSY IN INDIA

About Global Eye Intelligence

Global Eye Intelligence is a next-generation geopolitical intelligence company based in India, designed to function as both a strategic think tank and an execution powerhouse. Rooted in Indian strategic thought and calibrated to the challenges of an evolving global order, Global Eye Intelligence focuses on delivering actionable, real-time, and forward-looking intelligence products across sectors and regions.

We specialize in developing sovereign, predictive, and region-specific intelligence infrastructure that empowers governments, multilateral institutions, and strategic partners to anticipate and respond to complex challenges. Our work spans areas such as defense and military intelligence, strategic foresight, ESG risk mapping, conflict analysis, economic diplomacy, and public sector innovation.

What distinguishes Global Eye Intelligence is its hybrid model—a fusion of high-quality research, policy design, intelligence systems development, and digital infrastructure building. Our team includes political analysts, coders, economists, policy strategists, designers, and simulation experts who collaborate across domains to craft intelligence blueprints that are holistic, scalable, and tailored to sovereign needs.

Strategic Intelligence Partnership Proposals
For the Government of the Islamic Republic of Iran
Submitted by: Global Eye Intelligence (India)
Website: www.globaleyeintelligence.com
Email: connect@globaleyeintelligence.com

🔵 Executive Summary

Iran's strategic location, technological ambitions, and evolving domestic priorities demand a foresight-led governance strategy that combines national resilience, economic diversification, and defense modernization. Global Eye Intelligence proposes a comprehensive, ministry-wise collaboration with the Islamic Republic of Iran to embed predictive intelligence and scenario-based planning across governance portfolios.

This proposal outlines 16 targeted initiatives designed to:

- Strengthen regional foresight and diplomacy

- Enhance internal and external threat detection

- Promote techno-industrial transformation

- Advance social welfare, education, and cultural diplomacy

🔹 1. Ministry of Foreign Affairs – Mr. Abbas Araghchi

Initiative: *Strategic Foresight Unit for West Asia Diplomacy*

- Forecast realignment scenarios in West Asia and the Indo-Pacific

- Host Track-II Indo-Iran strategic dialogues on regional stability

- Launch a Digital Diplomacy Intelligence Hub to monitor narrative influence

🔹 2. Ministry of Defence and Armed Forces Logistics – Mr. Aziz Nasirzadeh

Initiative: *Red Teaming & Hybrid Threat Simulation Platform*

- Design wargames focused on asymmetric, cyber, and space-based warfare

- Track foreign base activity and strategic deterrence trends

- Integrate AI-powered defense foresight modules

◆ 3. Ministry of Economic Affairs and Finance – Mr. Rahmatollah Akrami (Acting)

Initiative: *Sovereign Risk & Economic Sanctions Resilience Dashboard*

- Map sanctions fallout, shadow finance, and inflationary risks

- Forecast trade corridors post-Central Asian integration

- Develop investment foresight tools for regional partners

◆ 4. Ministry of Interior – Mr. Eskander Momeni

Initiative: *Internal Stability and Border Threat Intelligence Framework*

- Map internal unrest triggers, narcotics routes, and migration pressure points

- Deploy AI-based law enforcement foresight models

- Run predictive simulations for civil-military crisis coordination

◆ 5. Ministry of Justice – Mr. Amin Hossein Rahimi

Initiative: *AI Law, Cybercrime, and Cross-border Legal Intelligence Program*

- Forecast cybercrime regulation needs and legal reforms

- Host Indo-Iran judicial foresight workshops

- Launch a regional legal technology benchmarking unit

◆ 6. Ministry of Education – Mr. Alireza Kazemi

Initiative: *NextGen Education Intelligence and Skills Radar*

- Forecast future job markets and adapt curricula accordingly

- Deploy education foresight dashboards in urban and rural zones

- Launch Indo-Iran academic foresight journal

◆ 7. Ministry of Health and Medical Education – Mr. Mohammad Atabak

Initiative: *Health Intelligence, Biosecurity & Medical Innovation Lab*

- Predict future pandemics and build early-warning dashboards

- Map health infrastructure risk and vulnerability zones

- Host Indo-Iran HealthTech foresight accelerators

◆ 8. Ministry of Intelligence – Mr. Esmaeli Khatib

Initiative: *Strategic Threat Detection and Cognitive Warfare Monitoring*

- Use AI to track foreign information ops and subversive campaigns

- Conduct scenario-based simulations on hybrid and cyber warfare

- Partner with Indian institutions on ethical intelligence innovation

◆ 9. Ministry of Petroleum – Mr. Mohsen Parknejad

Initiative: *Energy Futures and Oil Diplomacy Forecasting Engine*

- Forecast hydrocarbon market shifts, EV disruption, and OPEC+ strategies

- Simulate pipeline security and foreign infrastructure risk

- Map global carbon diplomacy trends

◆ 10. Ministry of Roads and Urban Development – Ms. Farzaneh Sadegh

Initiative: *Smart Infrastructure Foresight and Urban Resilience Hub*

- Predict urban sprawl, transport bottlenecks, and climate vulnerabilities

- Embed simulation tools for smart city planning

- Link Indo-Iran urban innovation exchange platform

◆ 11. Ministry of Science, Research, and Technology – Mr. Hossein Simaee Sarraf

Initiative: *Strategic Technology Intelligence and Innovation Forecasting Unit*

- Map high-tech competition, R&D gaps, and patent intelligence

- Co-design Indo-Iran FutureTech Dialogues and white papers

- Predict strategic breakthroughs in AI, biotech, and quantum

◆ 12. Ministry of Energy – Mr. Abbas Aliabadi

Initiative: *Energy Security and Grid Resilience Simulation Framework*

- Monitor power infrastructure risks and regional energy flows

- Forecast water-energy nexus and renewable energy shifts

- Publish Indo-Iran CleanTech Futures Index

◆ 13. Ministry of Cooperatives, Labour, and Social Welfare – Mr. Ahmad Meydari

Initiative: *Social Stability and Welfare Intelligence Program*

- Predict social unrest, poverty shifts, and labor vulnerabilities

- Map future of work trends and automation threats

- Develop re-skilling foresight modules

◆ 14. Ministry of Culture and Islamic Guidance – Mr. Abbas Salehi

Initiative: *Narrative Sovereignty and Digital Cultural Strategy Lab*

- Monitor global media portrayal, misinformation, and narrative dilution

- Forecast trends in cultural soft power and religious diplomacy

- Host Indo-Iran CultureTech conclaves

◆ 15. Ministry of Sports and Youth – Mr. Ahmad Donyamali

Initiative: *Youth Foresight and Sports Diplomacy Program*

- Forecast youth employment, mental health, and radicalization risks

- Build sports diplomacy foresight calendar with India

- Launch Indo-Iran Youth Innovation League

◆ 16. Ministry of Cultural Heritage, Tourism, and Handicrafts – Mr. Reza Salehi Amiri

Initiative: *Cultural Heritage Protection and Tourism Intelligence Framework*

- Predict cultural tourism trends post-crisis

- Use satellite tech to monitor heritage sites

- Build joint Indo-Iran Heritage Exchange Portal

🔙 Conclusion

Global Eye Intelligence invites the Government of Iran to engage in bilateral consultations and working groups for piloting intelligence foresight programs tailored to the country's national vision. Together, we can co-create secure, future-ready, and resilient governance ecosystems rooted in shared civilizational strength and modern strategic foresight.
