GLOBAL EYE WHITE BOOK

PRESENTED TO : IRAQ'S EMBASSY IN INDIA

About Global Eye Intelligence

Global Eye Intelligence is a next-generation geopolitical intelligence company based in India, designed to function as both a strategic think tank and an execution powerhouse. Rooted in Indian strategic thought and calibrated to the challenges of an evolving global order, Global Eye Intelligence focuses on delivering actionable, real-time, and forward-looking intelligence products across sectors and regions.

We specialize in developing sovereign, predictive, and region-specific intelligence infrastructure that empowers governments, multilateral institutions, and strategic partners to anticipate and respond to complex challenges. Our work spans areas such as defense and military intelligence, strategic foresight, ESG risk mapping, conflict analysis, economic diplomacy, and public sector innovation.

What distinguishes Global Eye Intelligence is its hybrid model—a fusion of high-quality research, policy design, intelligence systems development, and digital infrastructure building. Our team includes political analysts, coders, economists, policy strategists, designers, and simulation experts who collaborate across domains to craft intelligence blueprints that are holistic, scalable, and tailored to sovereign needs.

🔵 Executive Summary

As Iraq navigates a pivotal phase of reconstruction, political stabilization, and economic diversification, the importance of foresight-driven governance cannot be overstated. Regional tensions, energy transitions, climate shocks, and socio-political volatility demand real-time intelligence infrastructure across ministries.

Global Eye Intelligence proposes a collaborative framework to embed strategic foresight systems, crisis simulation tools, and predictive dashboards across 23 key ministries of the Republic of Iraq.

🔷 Role of Global Eye Intelligence

Global Eye Intelligence will serve as Iraq's foresight transformation partner by providing:

- AI-powered strategic intelligence dashboards

- National policy risk monitoring platforms

- Crisis simulation programs for conflict, economy, climate, and infrastructure

- India–Iraq bilateral foresight and innovation forums

- Training Iraqi officials in intelligence-led governance methodologies

We support action—not just advisory—by co-building sustainable foresight capabilities.

🔹 1. Ministry of Interior – Abdul Amir Al Shammari

Initiative: *Urban Security and Conflict Risk Monitoring Lab*

- Predict sectarian tensions, unrest zones, and organized crime hotspots

- AI-driven crime mapping and civil-military coordination platforms

◆ 2. Ministry of Finance – Taif Sami Mohammed

Initiative: *Fiscal Resilience Intelligence & Budget Risk Forecasting Platform*

- Monitor oil-revenue volatility, inflationary pressure, and fiscal deficits

- Scenario models for IMF negotiations, debt sustainability

◆ 3. Ministry of Foreign Affairs – Fuad Hussein

Initiative: *Geopolitical Foresight Lab and Strategic Diplomatic Tracker*

- Forecast regional alliances, water diplomacy, and soft power metrics

- Co-host India–Iraq Strategic Dialogue Series

◆ 4. Ministry of Defence – Thabit al-Abassi

Initiative: *Hybrid Warfare and Strategic Threat Red Teaming Platform*

- Simulate non-state actor escalation, cross-border infiltration, and AI-based warfare

◆ 5. Ministry of Oil – Hayan Abdul Ghani Abdul-Zahra

Initiative: *Energy Futures Intelligence Platform and Global Price Shock Simulator*

- Model demand-supply volatility, decarbonization trends, and pipeline risk exposure

◆ 6. Ministry of Agriculture – Abbas Jabr Obada

Initiative: *Agro-Climate Intelligence Dashboard and Food Security Tracker*

- Forecast drought impacts, irrigation stress, and pest outbreak cycles

◆ 7. Ministry of Communications – Hiam Abboud Kazem

Initiative: *Digital Governance Foresight & Cyber Sovereignty Lab*

- Track misinformation campaigns, telecom disruption risk, and infrastructure resilience

◆ 8. Ministry of Culture – Ahmad Fakkak Ahmad

Initiative: *Cultural Heritage Security and Strategic Narrative Monitoring*

- Protect vulnerable heritage sites, track anti-Iraq digital narratives, promote cultural diplomacy

◆ 9. Ministry of Construction & Public Works – Bangen Rekani

Initiative: *Smart Infrastructure Risk Intelligence Platform*

- Predict delays, cost overruns, and climate impact on major infrastructure projects

◆ 10. Ministry of Electricity – Ziyad Ali Fadhil

Initiative: *Grid Resilience Forecasting and Renewable Transition Tracker*

- Map blackout-prone regions, simulate energy demand surges, plan solar/wind adoption

◆ 11. Ministry of Education – Ibrahim Namis Yassin

Initiative: *Education Equity & Future Skills Intelligence Framework*

- Forecast dropouts, learning loss, and skills mismatch across provinces

◆ 12. Ministry of Justice – Khaled Shwani

Initiative: *Legal Reform Intelligence and Rule of Law Foresight Tracker*

- Monitor public trust, reform delays, and institutional performance

◆ 13. Ministry of Health – Salih al-Hasnawi

Initiative: *Epidemic Intelligence & Health Infrastructure Stress Monitoring*

- Predict outbreak clusters, hospital saturation, and pharmaceutical supply chain gaps

◆ 14. Ministry of Higher Education – Naim Abd Yassir al-Aboudi

Initiative: *Academic Foresight and Research Strategy Platform*

- Forecast university demand, brain drain, and global research positioning

◆ 15. Ministry of Industry and Minerals – Khalid Najim

Initiative: *Industrial Foresight & Strategic Resource Value Chain Simulator*

- Monitor mineral pricing trends, automation threats, and global competitiveness

◆ 16. Ministry of Environment – Dr. Hallo Mustafa Al Askari

Initiative: *Climate Risk Intelligence and Environmental Degradation Dashboard*

- Predict desertification, air quality crises, and ecosystem collapse zones

◆ 17. Ministry of Labour & Social Affairs – Ahmed Jassem Saber Al-Asadi

Initiative: *Labor Market Intelligence and Social Welfare Foresight Hub*

● Forecast unemployment hotspots, informal sector expansion, and pension risks

◆ 18. Ministry of Migration & Displaced – Evan Faeq Yakoob

Initiative: *Displacement Forecasting Lab and Reintegration Risk Simulator*

● Predict IDP return patterns, reintegration failure risks, and conflict re-escalation

◆ 19. Ministry of Planning – Muhammad Ali Tamim

Initiative: *National Foresight Dashboard and Vision 2030 Monitoring Engine*

● Track progress on national development goals with predictive analytics

◆ 20. Ministry of Trade – Atheer Daoud Salman

Initiative: *Trade Intelligence & Global Supply Chain Vulnerability Map*

● Predict port congestion, sanctions fallout, and food import dependency

◆ 21. Ministry of Transport – Razak Muhaibis

Initiative: *Transport Network Risk Monitor and Regional Connectivity Foresight Tool*

● Forecast rail/highway disruptions and logistics corridor security

◆ 22. Ministry of Water Resources – Aoun Diab Abdullah

Initiative: *Hydropolitics Intelligence Platform and Water Conflict Forecast Simulator*

● Monitor upstream diversions, climate flow reduction, and inter-governorate water stress

◆ 23. Ministry of Youth and Sports – Ahmed Muhammad Hussein Al-Mubarqa

Initiative: *Youth Futures Intelligence & Radicalization Risk Dashboard*

- Predict youth unemployment, mental health crises, and civic disengagement

---

⬅ Conclusion

Global Eye Intelligence is committed to co-building Iraq's national intelligence foresight ecosystem across all ministries. We invite formal consultations to develop pilot projects, conduct training workshops, and establish Indo-Iraqi foresight forums. With intelligence-led governance, Iraq can lead with vision, security, and stability in a turbulent region.
